Branding Guidelines

(ISC)² CHAPTERS PROGRAM

The (ISC)² Chapter program provides (ISC)² members and non-(ISC)² credential holders with the opportunity to build a network of peers to share knowledge, exchange resources and collaborate on projects in their local communities. The Chapters program logo is typically used in a horizontal format and contains the program tagline of: Connect | Educate | Inspire | Secure. It can also be stacked, if needed for spatial purposes. The tagline can be separated from the base of the logo, when necessary.

The different formats on how the logo can be used are displayed below. This logo is for internal use only by (ISC)² staff.

(ISC)² CHAPTERS LOGOS

Before becoming an Official Chapter, members go through the Chartering Chapter process in which they are given a Chartering Chapter logo and branded kit with marketing materials to use during this time. The Chartering Chapter logo consists of just the seal portion of the logo and does not include a specific name of the city or region.

Once a Chartering Chapter becomes official, they will receive an Official Chapter logo with their specific name in a horizontal and stacked version, along with an Official Chapter Kit containing customized chapter materials.

Below are the logos for Chartering and Official Chapters:

(ISC)² CHAPTERS LOGO USE

It is recommended that the logo be displayed no smaller than .50 inch wide and .50 inch (1.27 cm) tall unless specific standards are requested for other purposes.

The logo should never appear smashed, stretched, or distorted in any way; if this happens, please revert back to the original logo format and try scaling it proportionally again.
